

Revolving Angles

Follow the instructions below and remember that clockwise is this direction

Instructions	Starting Point	End Point (Answer)
$\frac{1}{4}$ turn (90°) counter-clockwise		
$\frac{1}{2}$ turn (180°) clockwise		
Full turn (360°) counter-clockwise		
$\frac{3}{4}$ turn (270°) clockwise		

3 half (1/2) turns counter-clockwise		
One full turn and then three quarter turns clockwise		

Please record all answers on sheet of paper and then take a picture of it and send it to tirwin@nfsb.qc.ca.
